By The Associated Press  
HAMBURG, July 30.—RAF bombers dropped the third 2,300-ton load of bombs last night on the city, which was hit for 45 minutes on Saturday night.

The greatest north German city has been pounded since Saturday night.

The attack in the history of the city is the heaviest in its history, according to the air ministry. It was a surprise attack, and the city was not expecting it. The attack was a surprise attack, and the city was not expecting it.

Marion "Shangri-La" Bond And  
Stamp Auction Tonight at 9

The highlight event of Marion county's participation in the nationwide July drive to raise \$130,000,000 for the purchase of the aircraft carrier Shangri-La, a war bond and stamp auction, will be held tonight at 9 o'clock at the courthouse.

By auction time between 65 and 75 gifts will have been received by the committee in charge of arrangements. The gifts have been donated by Marion merchants interested in the success of the Shangri-La stamp campaign.

Stamps, not bonds, count in the drive to purchase the aircraft carrier to bomb Tokyo. Marion's share in the nationwide campaign is \$33,000 in stamps, or about \$1 worth of stamps per person.

**Direct Activities**  
In charge of planning the auction is a three-man committee headed by Jerry Passen, who last month was named by Elmer J. Schoenlaub, chairman of the Marion county war finance committee, as chairman of the county's Shangri-La effort. He was assisted by Walter Axthelm and M. Hollingshead. These two men together with Passen and nine other young men of the city formed the general committee in charge of the month-long drive.

Donated for tonight's auction sale were many hard-to-get items such as electrical appliances for the home, bed sheets, alarm clocks, chewing gum, silk hosiery and many other items.

The sale, which will be under the direction of L. M. Wickersham, auctioneer, will be conducted in exactly the same manner as all public auctions, except that highest bidders will purchase their bids in war bonds and stamps and receive free the item on which they bid.

Radio station WMRN will broadcast the auction, remaining on the air from 8:45 until 10 p. m. At the outset of the broadcast a list of items to be auctioned will be read to the radio audience and anyone desiring to bid by telephone on any of the items can place his bids by calling either the office of County Engineer Walter Johnson, phone 2186, or of Sheriff J. W. Harruff, 6162 in the courthouse.

**Telephone Bidding**  
Persons who plan to place their bids by telephone are urged to make their calls as soon as possible after the start of the auction program at 8:45.

Bonds and stamps sold through the auction will be disbursed by a crew of women workers under the direction of Miss Maude Gorham at the Victory House on the courthouse esplanade.

Bonds and stamps will also be available to those persons who do not wish to participate in the auction.

The program at the courthouse will get under way promptly at 8:45 with a 15-minute concert by the Harding High school band under the direction of Homer E. Huffman.

At the conclusion of the brief concert at 9 p. m. Auctioneer Wickersham will start the sale.

Among late gifts received from Marion merchants were a carpet sweeper, an electric vacuum cleaner, a moving picture projector and automobile tire recapping job.

**Saturday Closing At Postoffice Changed**  
Starting tomorrow the general delivery, money order and registry windows at the Marion postoffice will close at 12 o'clock noon on Saturdays instead of remaining open until later in the day, as has been the custom. At the substations on West Center street and in Oakland Heights the regular Saturday business hours will be continued.

**38 Tanks Destroyed**  
The Wednesday toll on all fronts was 38 enemy tanks and 63 planes, according to the bulletin.

Soviet intelligence officers said Adolf Hitler had replaced the commander of the crack second tank army defending the Orel area, a Col. Gen. Schmidt, with Col. Gen. Model on July 14, three days after the Soviet counter-offensive began.

10 MORE JAP SHIPS  
SUNK BY U. S. SUBS

By The Associated Press  
WASHINGTON, July 30.—Continuing to strike at already straining enemy supply lines in the Pacific, American submarines have sunk ten more Japanese ships and damaged four—raising their wartime total to 297 successful attacks on enemy shipping.

The navy communiqué late yesterday listed as sunk two large Japanese transports, two large and three medium-sized cargo vessels, two medium-sized tankers and one small cargo ship. A large cargo vessel and three medium-sized cargo ships were damaged.

**Marion Soldier Writes from Nazi Prison Camp**  
A card stating that he is "feeling fine" was received today by Mr. and Mrs. Robert E. Johnston of 219 Silver street from their son, Cpl. Robert W. Johnston, prisoner of war in Germany. The card, dated March 26, is the second communication Mr. and Mrs. Johnston have received from their son since he was taken prisoner in the North African war area early in February.

"From what I have seen Germany is a beautiful country," Cpl. Johnston wrote, and he sent greetings to Daniel Lawler and Lawrence Cheney by whom he was employed before he entered service. A letter received in April was dated March 18.

Not To Offer Haven to Axis

Critics See Proposal for Post-War Period as Bid for Service Men's Votes.

By The Associated Press  
WASHINGTON, July 30.—President Roosevelt laughingly brushed aside today a request for comment on the "speculation as to the political portent" of his Wednesday night broadcast.

At a press-radio conference he said someone at the White House had asked him why, in his next speech, he does not take a different task and devote a paragraph or two to saying the moon is beautiful.

It was suggested that he would be accused of playing politics, Mr. Roosevelt said, because a lot of young people like to sit out under the moon.

The service vote in 1944 appeared today as the key to a growing controversy over whether President Roosevelt spoke Wednesday night as a wartime commander-in-chief or as a campaigning candidate—or both.

**OWI in Controversy**  
And out of the scrap sprang the issue of whether the office of war information and military and naval news facilities should be used to carry criticisms of the President to the fighting men.

Chairman Harrison E. Spangler of the Republican national committee said the President's address started his "campaign for a fourth and perhaps continuing term."

He charged that, in his worldwide broadcast, Mr. Roosevelt made "a bold bid for the vote of our soldiers and sailors who are risking their lives for freedom."

There was no immediate reply to Spangler's formal request for OWI and service news channels to transmit comments on the "political implications" of the speech to the armed forces.

Congressional critics said the President sounded like a fourth term candidate, but his friends contended it was purely an unpoletical progress report on the war.

Chief objections seemed to hinge on Mr. Roosevelt's outline of planned government benefits for fighting men after the war, which such men as Senators Smith (D-SC) and Taft (R-OH) said seemed to be a bid for the service vote.

**Predicts Passage**  
Senator Guffey (D-Pa.), staunch administration supporter, said however, the President's soldier benefit suggestions hit the nail on the head and predicted congress would pass them promptly.

That point of who actually would do the most for the fighting men underscored the squabble. Taft said "congress has always been more generous to war veterans than the President. Congress already has provided for hospitalization and compensation and has greatly expanded the provisions for vocational rehabilitation for returning servicemen."

And Spangler's telegraphed request to Secretary of War Stimson, Secretary of the Navy Knox and Robert Sherwood, head of the OWI overseas division, said sharply:

"Every American is determined to take care of these returning heroes and it will be the nation that does it and not a personal beneficence of the President."

Night Cabinet  
Session Called  
by Churchill

By The Associated Press  
LONDON, July 30.—Prime Minister Churchill held a sudden post-midnight meeting of the British cabinet at No. 10 Downing street today, starting at 1:30 a. m., amid signs of a major turn in the Italian crisis over peace or war.

No immediate announcement was forthcoming.

Straws in the wind, however, indicated that the Italian answer to Gen. Dwight D. Eisenhower's five-point terms for an end to hostilities may have been "no."

This was suggested by the fact that after a virtual lull of several days, allied warplanes renewed the bombing of southern Italy.

The cabinet met again later in the day, and London speculated on the possibility of Italy's asking peace terms.

A Rome broadcast said the Italian people were "considering with great understanding those conditions which the enemy proposes and is aware of the seriousness of the dilemma."

The broadcast went on to say that the allied terms of capitulation—unconditional surrender—"implied for Italy not only the overthrow of the Fascist party, already accomplished, but also the use of Italian metropolitan territory by the armies of the United Nations in continuation of the war against Germany."

Reports of new fighting between German and Italian troops in northern Italy came from Madrid, and the Nazis were said to have seized five Italian submarines at Fiume.

A bulletin from General Eisenhower's headquarters said allied air forces, led by U. S. Flying Fortress, again were blasting southern Italian airfields in day and night attacks synchronized with a climatic land drive against the axis bridgehead in Sicily.

At the same time, the Swiss telegraph agency quoted Italian government circles as declaring the Roosevelt-Churchill speeches this week had not modified the Casablanca formula of unconditional surrender which Italy

**STAR CARRIER SELLS \$320 IN WAR STAMPS**  
Total Reached by Edward Axthelm Sets Pace for Week.

Top man in The Marion Star newspaper carriers' campaign for the sale of bonds and war savings stamps for the purchase of the mystery aircraft carrier Shangri-La for the week ending July 24 is Edward Axthelm of 286 Elm street, whose sales totaled \$320.75, figures listed in The Star's circulation department show.

Axthelm, who carried Route 67, on the east side of the city, also heads the salesmen's list for the month ending on July 24.

In second place is Dan Smith of 701 Winder street, carrier of Route 81. Bill Trafer of 488 McKinley place, carrier of Route 74, is in third place and Jack Cooper of 518 East Church street, carrier of Route 33, is fourth.

Total sales for the week ending July 24 amounted to \$1,267.25 and for the month the amount is \$3,199.45. The contest ends Saturday, July 31 and winners will be announced early next week.

**U. S., Canadian Troops Pierce Wavering Nazi Mt. Etna Line**  
By The Associated Press  
ALLIED HEADQUARTERS IN NORTH AFRICA, July 30.—American and Canadian troops have driven deeper into the central and right flanks of the Germans' wavering Mt. Etna line, Allied headquarters announced today, as the Nazis strove desperately to repair the breach.

A communiqué declared the Canadians had "advanced further against strong opposition," and the U. S. Army front from the north coast inland to captured Nicosia was "advanced in several places."

The whirlwind American assault had driven the Germans back about 20 miles in two days and threatened to trap the Nazis around Catania or force a general retreat toward Messina.

Lieut. Gen. George S. Patton Jr.'s Seventh Army was advancing beyond the strategic prize of Nicosia an exploiting the breakthrough made in temporary Nazi positions.

Canadians who captured Agira to the southeast, central pivot of the Mt. Etna line, were menacing Regalbuto, six miles to the east, and facing another bitter struggle.

REFUSE TO FIRE  
AS CROWDS JAM  
CITY'S STREETS

By The Associated Press  
BERN, July 30.—Italian troops have revolted at Milan, refusing to obey orders to fire upon demonstrating compatriots who swept the streets by the thousands shouting demands for peace. A Chiasso dispatch said today.

Premier Marshal Pietro Badoglio ousted the Milan military commander, General Canale, and ordered Gen. Vittorio Ruggieri, chief of an Alpini division, to take over in the industrial area, it was reported.

These and other sharp measures were taken by Badoglio, seeking to quell domestic unrest and prevent dissemination of the peace offer broadcast to Italy by Gen. Dwight D. Eisenhower yesterday. But talk of an armistice persisted.

A definite stiffening of governmental discipline was described in reports reaching Bern. While peace and liberty of political thought continued to be the main objectives of demonstrations throughout Italy, Badoglio's army-enforced decrees sharply limiting freedom of expression by newspapers aroused bitterness among liberal and leftist political leaders.

**Public Hears of Speech**  
Many described the new censorship measures as smacking of those which Benito Mussolini and his ousted Fascist regime had imposed during the past 20 years.

Badoglio, however, did not succeed in keeping the Eisenhower speech from the public. While countless thousands listened to it on the radio, mimeographed copies appeared on the streets of the principal cities a few hours after its publication was banned in the newspapers.

Travelers from Rome, Milan, Genoa and other centers said the peace speech was the sole topic of conversation in homes, street and cafes.

Eisenhower's broadcast came while Italians paraded in Milan and other cities carrying banners inscribed with the slogans "we want peace" and "we want our sons back." These parades were staged in defiance of military warnings that troops had been ordered to fire on demonstrators.

**Worried Over Peace Delay**  
The Italian populace, reports received in Bern said, are becoming increasingly worried over the failure of Badoglio to ask the allies for an armistice and this feeling was by no means allayed by his refusal to allow publication of Eisenhower's broadcast and his apparent hesitation in answering it.

There was no doubt the first concrete terms offered by the allies through Eisenhower were commanding the attention of the Badoglio regime, yet the fact government officials insisted that relations with the Germans would be carried on as before and that the war would be continued increased the feelings of frustration and uneasiness.

Italian political leaders, reports said, were beginning to doubt the wisdom of using the army as a police force, even though many high-ranking Fascists have been arrested.

# Old-Time Marion Basketball Coach Now Illinois Resident

## Lavender, Retired, Writes Songs and Poetry as Physical Director Here Over 40 Years Ago.

As in local athletics of the century will be the minds of some "old guard" when William Lavender, coach and Y. M. C. A. physical director here for four decades ago, has retired.

Mr. Lavender, who is now a gentleman of leisure at Rock Island, being a retired contractor, was the first physical director of the Rock Island Y. M. C. A. about 50 years ago. Shortly after that he transferred to the Marion Y. M. C. A. and served as boys' secretary and physical director. After a stay of several years here, he went to the St. Joseph, Mo. Y. M. C. A. and from there returned to Rock Island 35 years ago to go into business.

Mr. Lavender originated basketball in Rock Island, according to Wickstrom. One of the outposts he coached at Rock Island had as one of its opponents the University of Iowa. In fact, Lavender adds, his protégé, Mr. Hawk, was twice one year. He comments that he isn't sure who won the game.

"The game was pretty rough then," he said, "because a good referee shut his eyes. We were padded pants and knee pads."

**Song Recently Published**

According to columnist Wickstrom, Mr. Lavender is a follower of the fine arts, enjoying poetry, plays and historical sketches. He even tried his hand at music, having written the words for a song just published by the Nardye company in Hollywood. Wickstrom describes Lavender's "The Dead Arise in Flanders Field" as a sequel to "In Flanders Field," famous World War I poem.

A verse and chorus of the song as it appeared in Wickstrom's column follows:

"Mid crimson blooms, the crosses stand  
Where friendly poppies grow.  
The soldier dead, 'neath blossoms red  
Lies sleeping, row and row.  
On Flanders Fields, the sunlight yields  
To flaming burnished gold.  
The petals fall to cover all  
As deepening shades unfold.  
But hark, I hear the cannon near  
Whose shrieking, hissing shells  
The silence breaks, a jarring shakes  
The swaying flowers there.  
Chorus:  
"Awake, arise, your country cries  
For valiant men and strong.  
Your spirit lives, new hope it gives  
To this, our battle song.  
It rides with us on fiery steeds,  
On wings and ships at sea.  
From out the grave, Christ rose to save.  
A world and all men free.  
You live again, we risen men,  
This resurrection day.  
As nations rise, a cross they prize,  
And peace and liberty."

**Now Writing Book**

Writing and the collecting of antiques have been Mr. Lavender's hobbies since his retirement from the contracting business, according to Wickstrom. At present he is working on a book for which he has not yet found a publisher. Principal characters in this latest work of Mr. Lavender's are famous and notorious persons who were associated with Abraham Lincoln in the part of his life spent in the region surrounding Rock Island and Springfield, Ill.

Mr. Lavender's address in Rock Island is 2428 Eighteenth avenue.

# Ration Clerk's Year on Job May Be Some Sort of Record

## C. C. Holliday Rounds Out 12 Months on Type of Work Others Have Quit After Average of 3 Months.

Some sort of record probably will be set Sunday when C. C. Holliday rounds out a year of service as chief clerk of the Marion County Ration Board.

The duties of a chief clerk are such that a national survey a few weeks ago showed the average "life in office" of such workers was about three months. The job simply has so many complexities and is such a focal point for the complaints and inquiries of countless persons, each with a different problem to untangle, that chief clerks have quit their jobs by the score, and in some instances there have been delays in getting some one to fill the vacancies.

In view of this experience elsewhere, Mr. Holliday's accomplishment of staying on the job a full 12 months is noteworthy, although in recent months clarification of ration policies have tended to ease the general unpopularity of that type of a job. Also, people are getting better informed about ration regulations and are adjusting themselves to the war-time requirements. Another factor, no doubt, is the gradual realization of quick-tempered persons that the chief clerk isn't the man to browbeat if the ration regulations seem to work undue hardship. Mr. Holliday is gradually convincing most complainants that he doesn't make the ration rules—he just administers them.

**Typical Questions**

"Can I get my sugar here?"  
"I want to exchange these old boots for a pair of new ones."  
"I'd like to buy a refrigerator!"  
"Is here where I get my liquor ration application?"

These and scores of similar requests are received at the war price and rationing board office at 169½ East Center street, which was set up last Aug. 1 when Mr. Holliday took over his job.

It's all in a day's work for Mr. Holliday and his staff of 15 clerks whose duty it is to ration tires, sugar, coffee, processed foods, typewriters, automobiles, bicycles, stoves, gasoline, fuel oil, kerosene, shoes, boots, meats and canned goods and other rationed commodities. The office operates on a 48-hour week and is open each day from 9 a. m. until 5 p. m., excepting Wednesday's, when the hours are from 1 to 5 p. m. for the accommodation of persons who are unable to call during the day-time hours. One hundred and fifty thousand is a conservative estimate of the number of applications issued through the office during the year.

Mr. Holliday was made chief clerk of the Marion county war price and rationing board when the board was formed a year ago by the consolidation of seven rationing boards previously serving the county. He set up business with a lead pencil and some makeshift office furniture, and a staff of four clerks, in the old Star office building on East Center street. The rationing business increased by leaps and bounds and the board moved into its present quarters on the second floor of the Cummin Memorial building Feb. 1 this year.

**Volunteers Help**

Of immeasurable assistance to the board are the volunteer workers, teachers, King's Daughters, Parent-Teacher groups and individuals who help out when books are to be rationed. The newest job was the recent survey of stores for price ceilings done by the P.-T. A.

"Every one has his or her individual problem and we try to solve them in the best way we can," Mr. Holliday said. "For the most part we are able to settle matters satisfactorily but occasionally applicants leave, still nursing their grievances. Some folks who come to the office mad as the much-quoted wet hen, leave with a smile, or if tempers run away with them and there are 'words' they apologize after the storm or return later to square things up."

Members of the staff are called upon to explain they don't handle the articles requested and then tell why they don't. Tires are frequently brought in to be "ex-

supervision of the Columbus district office at Columbus. The board is made up of a mileage, commodity, tire, food and price panel. F. W. Williams is chairman of the mileage panel and serving with him are J. H. Smith, Mrs. May Adams, J. H. Smith, Clarence Shodens, Perk Lashley, Carl Schmidt, C. E. Gillespie, Don Sloan, Howard Green, George Flamm and C. E. Cox. On the food panel are Roy J. Gierman, L. B. Geor, William Robinson, James Beal. The price panel is made up of Arthur Zachman, and Alfred LaPierre, and on the tire panel are H. L. Wade, John McKillop and George Smith. Serving on the commodity panel are Leo Groll of Waldo, Edward Behrens of Prospect and John Ruth of near Green Camp, Don Quintance who is a member of the price panel until he resigned recently to enter the armed forces. The gas panel meets on Monday, Wednesday and Friday nights, the commodity panel every Wednesday night, tire panel Thursday nights and the price and food panels each Monday at

1:30 p. m. and the food panel at 8 p. m. on Wednesdays.

Mr. Holliday is married and lives at LaRue. Clerks are Mrs. Nora Fetter and Miss Gladys Pfleiderer who are the oldest in point of service, Mrs. Leah Vazel, Mrs. Mary E. King and Miss Janet Lange, both of LaRue, Mrs. Marie Paul, Mrs. Agnes Jones, Mrs. Roberta Krentz, Mrs. Marguerite Flach, Mrs. Mildred Bradley, Mrs. Helen Dowler, Mrs. Ruby Cook

and Mrs. Virginia Conley. "I couldn't visualize the growth of the office," Mr. Holliday said in looking back over the year's work. Today there are 16 desks and numerous files for the thousands of records and regulations on commodities ranging from baby shoes to gallons of gas to movie ton tractors.

Perhaps you've been wondering...  
Now that recaps are available without a ration certificate...  
Now that new tires may be had when necessary for essential driving...  
Why keep on nursing along your tires?  
Why keep on driving in every week to have pressure checked?...  
Why keep on having tires inspected regularly for cuts and bruises, have them rotated every 5,000 miles?  
Why keep on avoiding jack-rabbit starts, rocking-chair stops? Why keep your speed below 35?...

Why? Because neither the Nazis, the Japs nor the rubber situation is licked yet. Because rubber for essential civilian use can continue to be available only if every motorist in America continues to do everything he can to conserve precious rubber on his rims.

## ORDER GAS RATIONS DENIED SOME DRIVERS

By The Associated Press  
CLEVELAND, July 30 — The district office of price administration announced today ration boards in 13 northeastern Ohio counties had been instructed to deny automatic renewals of R and C gasoline ration books to drivers whose cars do not carry a full load of passengers.

**L. R. Cox, district OPA tire rationing officer, said the "no riders no gas" rule applied unless an officer of a defense agency notified that a ration-sharing arrangement was not possible.**

**"We have directed the boards to be strict because we feel that many people have failed to take the share-the-ration program seriously," Cox said, "and because we know that many persons who obtained supplemental rationing in lieu of alternate means of travel are using alternate means and consuming their gas for pleasure."**

**Cox said the boards must be strict when reviewing supplemental rationing expiring at the end of August because the quotas had steadily decreased since January, 1943.**

**OPA officials said boards were instructed to study closely persons riding with others and yet having supplemental rationing themselves.**

## PRESIDENT DAMPENS POST-WAR ARDOR

By The Associated Press  
WASHINGTON, July 30—President Roosevelt may have tossed a wet blanket over the fire some senators are attempting to build under congress to force attention on a declaration of post-war intentions.

**That was the interpretation placed today in some quarters on a paragraph of the President's Wednesday night radio address in which he said the United Nations are agreed this was not the time "to engage in an international discussion of all the terms of peace and all the details of the future."**

**The President said the United Nations were substantially agreed on the general objectives for the post-war world and Senator Taft (R-Ohio) said he looked upon this statement as expressing indirect presidential disapproval of a resolution offered by Senators Hall (R-Minn.), Burton (R-Ohio), Hatch (D-N.M.) and Hill (D-Ala.).**

## Hail Storm Hits Crops in Norwalk Vicinity

By The Associated Press  
NORWALK, O., July 30—Heavy crop losses and some property damage were counted here today following a hail storm that broke hundreds of windows.

**Greatest damage occurred at three green houses where glass roofs and sides were shattered by the hail stones. Numerous residents reported victory gardens were destroyed by the storm late yesterday. At nearby Monroeville, hail stones were "nearly as large as ice cubes," villagers said.**

## Four Day Nurseries In Operation at Warren

WARREN, O.—Four day care centers for children, two to five years old, whose parents are war workers, now are in operation in Warren. Located at Central Junior High School, at Westlawn Homes, Trumbull Homes, and Urban League Center, each has a capacity of 25 to 30 enrollees.

**Miss Isabel Kennedy, director of the nursery program, anticipates a heavier load when school begins in the fall and high school girls will no longer be available for "nurse maid" employment.**

**Day care hours at the centers are 6 a. m. to 4 p. m. The daily program, which offers supervised indoor and outdoor recreation and includes the serving of three meals a day, costs parents a fee of three dollars a week. The project is financed in part from federal aid.**

## King Tightening Grip on Rule Over Italian People

In the absence of Benito Mussolini, the king is tightening his grip on the Italian people.

King Vittorio Emanuele's hold on his nation seems to be strengthened by the very shocks that might be expected to unsettle him.

This is because the allied world just now asks "who is Italy?" Not long ago Mussolini was Italy, but today General Eisenhower tacitly recognizes the king as the one to accept "honorable conditions of peace."

At first thought it would seem that the king and Mussolini are not far apart. The king is a monarch, and Mussolini is a dictator.

It still seems to some that the king and Mussolini are not far apart. The king is a monarch, and Mussolini is a dictator.

1—The king accepted Mussolini and Fascism because he couldn't help himself. He tried the wily Premier, Gellotti and others in short-lived governments in vain efforts to stave off a revolution. He finally gave in to Mussolini and summoned him as premier, as the king said, to avert civil war. Badoglio at that time assured the king that the army could defeat the Fascists marching on Rome, but the king took the costly easy way out.

## King Waited Patiently

However, once Mussolini was in, the king had to decide either to abdicate and leave everything to the Fascists or to hang on as best he could, biding his time. He bided. Now Mussolini is out and the king is in.

2—Rioting and all the demands for peace may seem to shake the throne, but instead they increase the importance to the allies of having in Italy a real head, respected by the people, supported by the Italian army, thoroughly in touch with conditions, and knowing the political complexion of all these speedy converts to democracy who will be trying to raise themselves to power by their bootstraps.

If events suddenly should force out the king, Badoglio also would go and Italy would be a country in chaos without leadership, easy prey for the Germans and other kinds of trouble.

With the king is his old and trusted friend, Badoglio, long reputed an excellent soldier by military men of other countries. Badoglio is no miracle man but he knows his people, he always has had their respect, and his reputation is but the greater for his break with Mussolini over the invasion of Greece. The combination of the king and Badoglio sounds like a more workable one and a more solid one than any others at this time.

3—One of the strongest factors in all this mess is the spiritual one. Pope Pius XII may or may not be active in trying for peace but he most certainly prays for the end of war, especially in his own country. Upon him, as devout Catholics, the king and Badoglio can rely for aid and comfort in any proper search for peace. To Italians, it is comforting that the king and Badoglio are at peace with the church and that the Pope is their friend. Such a state of affairs also has its importance with the allies.

## No Other Leaders

It might be desirable to find a Lincoln or a Mazzini or even a Garibaldi ready-made in Italy, with whom the allies could treat, but if he is there he hasn't shown himself. Even if he should appear it would take him some time to unify the people behind him. At present, the king and Badoglio seem the leaders of Italy, able to keep reasonable promises.

Also, the great machinery of a country needs to run. Throw out overnight a million little tax collectors, clerks of courts, policemen, mayors and so forth and there would be virtual anarchy for a time. AMGOT the allied military government installed in Sicily and intended for other liberated territory, acts at the top, giving orders and supervising execution but the rank and file of little public officials perform their duties as usual. Some of them merely take off their black shirts and put on dirty white ones, but all of them probably are relieved to have the next upper crust of Fascists off their necks. It would be nice if all these little fellows had perfectly white souls, but it will take time for Italians to hold elections and even then not all the elected will have wings big enough to carry them to heaven.

**Ban on AAA News Releases Is Lifted**  
WASHINGTON, July 30.—Relieved of a short-lived ruling, agricultural adjustment agency committeemen throughout the country once again may distribute AAA information to the press and radio.

A ban on such activities on the part of AAA's 200,000 state and local farmer committeemen was lifted yesterday, after having been in effect about a week. It had been based upon a provision of the recently-enacted agriculture department supply bill prohibiting use of federal funds to pay salaries and expenses of press agents, and had followed complaints that AAA men were attempting to influence congressional actions on farm bills.

**TROOP SHIP DAMAGED**  
LISBON, July 30.—A huge allied transport ship, listing and apparently damaged, was towed into the river Tagus today by three tugs.

**TENSION GROWS IN NORTHERN ITALY.** Reports reaching the Swiss border say hundreds of persons have been killed in widespread rioting in Italy, with Genoa, Turin and Milan (1, 2 and 3) the centers of open fighting, political revolts and peace demonstrations in the anti-Fascist outbreaks. A sudden increase was noted in heavy traffic through the Brenner pass (curved arrow) from Germany, which was attempting to pour in 10 divisions to a defense line (sawtooth line) along the Po river. Italian and German troops were reported rushed to Trieste (short arrow), where Croats and Slovenes were demonstrating for separation of the Italian peninsula from Italy.

## ITALY

(Continued from Page 1)

to come out of Rome under the new censorship regulations, the Swiss telegraphic agency today quoted government circles as saying the Roosevelt-Churchill speeches had not modified the Casablanca formula of unconditional surrender which Italy "could never accept without renouncing the most elemental sense of dignity."

**Call Terms Too Drastic**  
(The Rome radio carried on this argument in a broadcast apparently directed at the allies. The broadcast said the allied peace terms were too drastic, and complained Great Britain was asking for a "Carthaginian peace"—a peace that would completely wipe out the defeated.)

(One "Carthaginian peace" to which the Rome radio referred was imposed on Carthage by the ancient Romans themselves in 146 B. C. After losing their troops upon the conquered city to burn and plunder, they dedicated the site to the infernal gods and forbade all human habitation in the area.)

(After 122 B. C. the Romans established a colony of their own on the site of Carthage, the last "Carthaginian peace" was imposed by the Byzantines, who decreed the city's destruction after conquering it in 698 A. D.)

Meanwhile, strikes continued in a number of important northern factories and there was sporadic fighting in sectors north of Rome. German troops moved into Fiume and Trieste in considerable numbers to maintain order and suppress incipient demonstrations for an independent Slav state. Italian forces in these sections were decreased as additional Nazi troops moved southward from Bologna, travelers arriving here from Rome reported.

**Gloves Help Fliers**  
LONDON.—Antiseptic gloves to protect and treat hand burns are the latest of the many rescue devices and medical issues which RAF fliers are using, and which are supplied free to American airmen under reverse lend-lease procedure.

The gloves, which contain antiseptic and curative powders, are made of a secret new surgical material. They can be slipped on easily without further irritating burned tissue, and they do not hamper hand movements. They were devised by William Stannard, who flew for Britain in the last war, and are kept in a small, blast-proof and non-inflammable envelope, which also holds morphine, burn cream for the face and a large dressing for body wounds.

**Biscuits Lure Workers**  
MONTEZUMA, Kas., — Mrs. Charles L. Anderson came to Montezuma seeking harvest hands for her farm, and some store bread.

She could find neither, but finally in desperation tried at a restaurant for the bread. They had none to spare.

"Guess I'll have to go home and bake biscuits and have chicken and gravy," she said.

Three harvest hands, eating at the counter, arose as one man. "We'll go with you," they volunteered.

## THREE MORE NAMED TO POST-WAR BOARD

By The Associated Press

COLUMBUS, O., July 30.—Gov. Bricker completed the Ohio post-war commission today with the appointment of the last three members of the 21-member agency that will map Ohio after peace program.

The three named today were: Fred L. Rowe of Hicksville, one of the largest road contractors in Ohio and engaged now in the building of airports throughout the nation.

J. C. Armstrong of Youngstown, vice president and general counsel for the Youngstown Sheet & Tube Co.

Robert Rogers of Toledo, vice president of the Franco Stone Co. The designated purpose of the commission is to gather data relative to post-war problems, including information on plans and programs of adjoining states and the federal government; cooperate with and assist the state and local subdivisions in preparation of post-war public works programs; study methods of financing such programs, including existing state parks, determine to what extent the state can help restore to private employment women and men now in the armed forces and war industries.

## 300 War Workers Made Ill by Food Poisoning

By The Associated Press

ELKHART, Pa., July 30.—A full mobilization of doctors and nurses was ordered in this western Pennsylvania city today to care for more than 300 war workers stricken with food poisoning.

Police Chief George J. Cristoph said the victims apparently all were employed at the Erie works of the General Electric Co. and that all had eaten luncheon in the plant cafeteria yesterday.

The meal, he said, consisted of corned beef, string beans, mashed potatoes and coffee.

## Ohio Stocks of Old Wheat 727,000 Bushels

By The Associated Press

COLUMBUS, O., July 30.—Stocks of old wheat in interior mills, elevators and warehouses in Ohio amounted to 727,000 bushels as of July 1, the federal-state crop reporting service said today. This was only 60 per cent of 1,450,000 bushels on hand at the same date a year ago, but slightly above the 1935-41 average of 661,000.

Stocks of old wheat on farms at July 1 were 2,600,000 bushels compared with 4,633,000 a year ago.

and American mediums struck at the Aquino field near Naples.

(The Italian high command communique, broadcast from Rome and recorded by The Associated Press, said Sicilian defense troops were "still heavily engaged by renewed violent enemy attacks.")

Reuters translated a Rome transmission as saying the axis forces were "being tried sorely and without respite" by the allied offensive.

(The Italian bulletin said enemy raids over some localities of Lazio and Campania caused small losses and a twin-engine plane was shot down over Naples.)

Blockbuster attacks were mounted Wednesday night against Capocichino, near Naples, and Montecorvino. Allied crews reported rolling blankets of smoke covered all these targets.

Airdrome facilities of Viterbo, 50 miles northeast of Rome, were shattered by precision bombing of the Fortresses, which encountered no enemy fighters and only a small barrage from ground batteries, officers said.

## Battle in Final Phase

The battle of Sicily appeared to have entered its final phase as American forces stormed through a breach in the German right flank and threatened either to trap the Nazi defenders of Catania or force a general axis retreat toward Messina.

The American success yesterday in taking Nicosia at the base of the axis triangle, and the victory of the Canadian allies at Agrigato 12 miles to the southeast, were termed the most important strategic developments of the past week.

The twin break-throughs placed the Americans within 50 miles of Taormina, on the east coast about 28 miles north of Catania, where the British Eighth army has been fought to a virtual standstill by powerful German armored forces.

The Canadians' advance through Agrigato placed them within 20 miles of Catania and threatened that port from the west.

Thus the German defenders of that important city must fall back up the coast or be trapped on the north by the Americans, on the west by the Canadians and to the south by the British.

Lieut. Gen. George S. Patton's weary but battle-wise Americans outmaneuvered and outflanked crack German troops recently reinforced with fresh reserves in their 12-mile overnight push to capture Nicosia.

In taking Agrigato, the Canadians attacked frontally and cracked the 15th German armored division after bitter fighting culminating in a bayonet charge against Nazi machine gun positions.

## Son of Missionary Seeks Crack at Japs

By International News Service

MAXWELL FIELD, Ala.—Aviation cadet George M. Stamps of Maxwell Field is anxious to return via bomber to two cities through which he passed many years ago: Tokyo and Yokohama.

Certain the "filmy" wooden houses "would not stand up under heavy air raids. Stamps is anxious to prove his point.

Although he now considers Raleigh, N. C., his home town, the 19-year-old cadet was born in Kuling in the Ki province of China where his father, Dr. F. Stamps, was a Baptist missionary.

During the first World War, the elder Stamps was a chaplain with the AEF. Interned by the Japs following Pearl Harbor, he returned to the United States on the Swedish steamer "Gripsholm."

While he lived in the Shanghai International Settlement, Stamps attended the Shanghai-American school from 1937 to 1940. He came to this country and enrolled at Wake Forest college.

## Marion Chosen for 5-County Softball Tourney in August

District Competition To Be Combined with City Tourney; Games To Be at Parks Aug. 12-25.

Marion's three park diamonds will be the scenes of a district softball tournament from Aug. 12 to Aug. 25.

This was the decision of the city softball commission in its meeting at the Y.M.C.A. Thursday night, originally planned to devise a city tournament for next month.

Commissioners present, only about one half the entire body, voted to hold the district event in Marion this year in connection with the city tourney after T. H. McKenney of Marion, district commissioner of the state amateur softball association, proposed to the local softball rulers that the tournament be held here this year.

This district, in addition to Marion county, includes Seneca, Wyandot, Crawford, and Morrow counties.

This will be the first time that the district softball tourney has ever been held in Marion, according to Mr. McKenney.

**No 1942 Tourney**  
Last year, no district tourney was held because of transportation difficulties, an acute shortage of players, and a general air of indifference in regard to softball throughout the state. In 1941, the tourney was held in Upper Sandusky and was under the direction of Elmer Shaw, city auditor, who was district commissioner at the time.

The commissioners, after a lengthy discussion of Mr. McKenney's suggestion, decided to start district play Aug. 12. Since the local league softball season does not close until Aug. 16, the commission voted not to begin the city tourney until then.

The district tournament will be played in two brackets this year, the commission decided. The first bracket will be composed of all organized Marion softball outfits who are to participate in the city tournament. The other division will be made up of all out-of-town teams who enter district play.

For the first two rounds, at least, Marion district event teams will play each other and will encounter no outside opposition. Squads from the other four counties will accordingly play no Marion teams until play has reached advanced stages.

**First Combined Plan**  
According to Mr. McKenney, this year will be the first that the district tourney has been played under such a combined arrangement. Out-of-town representatives probably will complain of the new set up, McKenney stated but, he added, the arrangement will "stick" no matter how many grievances are made to the local softball commission.

As the state softball tourney this year is scheduled to get under way Aug. 27 the city commission agreed that the district event this year would have to be of shorter duration than usual in order to allow the winner of the tourney sufficient time to prepare for the trip to state competition in Columbus.

There are 16 districts in Ohio, and winners of tourneys in each of these districts will clash for the state crown. The Ferguson State Auditors of Columbus were the softball champions of Ohio in 1941, the last time the event was held.

All responsibilities and powers in operating this year's district tourney were handed over to Mr. McKenney. However, he offered his services in the role of an advisor to aid the commission with any problem it might meet.

Most of the games in the primary stages of both the district and city tourneys will be divided among the city's three softball diamonds, Lincoln, McKinley and Garfield parks. However, semi-final and final contests in both events will probably be played at the comparatively large Lincoln park stadium.

**Cites Interest Here**  
When Mr. McKenney presented the district tourney plan to the commission, he said this city was selected because more apparent

Miss Helen Briggs of Cardington has been commissioned a permanent lieutenant in the Army Nurse Corps and has been ordered to report Aug. 1 to Billings General Hospital, Fort Benjamin Harrison, Ind.

She is a graduate of Cardington High school in 1929, and graduated from Samaritan hospital in Cardington, O., in 1932 after spending two years in Cardington and one year at Cincinnati General hospital. She was president of her class and the second one of the class to join the armed forces.

Miss Briggs has been employed on the staff at Samaritan hospital.

She is the daughter of Mr. and Mrs. Walter Briggs of northeast of Toledo and has been visiting relatives and friends the past month.

## Miss Ledin And George W. Orcutt Wed in Virginia

ANNOUNCEMENT is being made of the marriage of Miss Blanche Ledin, daughter of Mr. and Mrs. Albert Ledin of Chicago, and George W. Orcutt, aviation machinist mate, second class, which took place Saturday morning, July 24, in the Church of the Sacred Heart in Norfolk, Va. Rev. Father Clemens officiated for the double ring ceremony at 10 o'clock. The bridegroom is the son of Mr. and Mrs. W. E. Orcutt of 311 Bellefontaine avenue.

The bride was attired in a two-piece street-length dress of white sheer crepe. Bands of ruffling with two large mirror and rhinestone buttons accented the blouse and her small white ruffled-brimmed hat supported an all-round white shoulder veil. She carried a prayer book upon which rested pure white gladioli blossoms showered with knotted white ribbon.

Miss Miriam White of Norfolk, who was Miss Ledin's bridesmaid and only attendant, was attired in a two-piece sheer crepe costume in a beige shade, with which she wore a hat of natural straw with a green brim and a green shoulder veil. Her flowers were pink roses in a shoulder corsage.

Charles Mercier, aviation machinist mate second class, U. S. Navy, of Minneapolis, Minn., served as best man for the bridegroom.

For her daughter's wedding, Mrs. Ledin chose a sheer brown and white costume with which she wore brown accessories. Mrs. Orcutt's costume was of sheer crepe in an aqua shade and she wore violet accessories. Mrs. Otto Voyta of Chicago, aunt of the bride, wore a gold and black jersey costume with white accessories and Miss Hannah Garford of Elvira, aunt of the bridegroom, wore a costume in a petunia pink shade with French blue accessories. All wore shoulder corsages tied with white ribbons.

The wedding breakfast was served in the Chesapeake Room of the Monticello Hotel. Covers were placed for the bridal party. Mr. and Mrs. Albert Ledin and Mr. and Mrs. George W. Orcutt of Marion, Miss Garford of Elvira, Mrs. W. J. White of Norfolk, Edward Carroll of Rosedale, Kas., and Fred Muehlberg of Brooklyn, N. Y., and the U. S. Navy.

The bride's gift to her attendant was a gold compact, and the bridegroom presented his best man with a combination cigarette case and lighter.

The bridegroom is stationed with a Navy carrier aircraft service unit and recently returned to the states after 11 months' duty in the Canal Zone and Caribbean War area. The couple will make their home in Virginia. The bridegroom had not seen any of his family for the last 20 months.

### Kansas Farmers Do Good Job

By GORDON BROWN.  
By The Associated Press.

TOPEKA, Kan., July 30.—No medals or flags will be awarded for the job, but Kansas farmers, with some timely help from their city cousins, have completed a pretty big war contract—harvest of a vital 150,000,000-bushel wheat crop.

A few months ago the problem seemed almost insurmountable. The young farmers and farm workers had gone to war or overseas jobs, there was no transient harvest labor in sight and there was almost no new farm machinery to replace worn out combines and tractors.

But today, the big crop has been harvested and most of it is now in storage—food for a waiting nation.

That \$200,000,000 crop, nearly a fourth of the country's total, lacked 5,000,000 bushels of equaling last year's but it's still a big crop.

**Storage Problem Eased.**

Last year the big problem was where to put the grain. Elevators were jammed and farmers stored grain in empty houses, garages, the chicken house—anywhere there was space. This year, with much of the wheat moved out for war uses, the only storage problem was at shipping points where the box car shortage delayed movement of grain to terminal elevators.

The big job, of course, was overcoming the labor shortage. No one story can tell all the details but chiefly it was through application of the old-fashioned principle of utilizing what was available. Plus plenty of sweat.

Mostly it was the farmers themselves. They worked harder and longer, coupled machines together so one man could do the work of two, pooled machinery, traded labor, and worked harder and longer.

But they had the help of hundreds of women—mostly farm women and girls—who manned tractors, combines, trucks, pitchforks and scoop shovels. School boys gave up summer swimming and fishing to help. And lots of townies stepped in to lend a hand during vacations and off hours.

**Whole Family Works.**

For instance: Rolla Hogg, farmer living east of Delphos, had no farm help. But his 15-year-old daughter, Gladys, drove the tractor. Hogg tended the combine and Mrs. Hogg hauled the wheat in the truck. Barbara, 14, took over the house work and Darlene, 11, did the milking and relieved his father of other chores.

Just before harvest started, Hubert Caspar, living west of Junction City, broke a leg. But he was taken to the field each day and directed the work of a 17-year-old novice who did the combining. Mrs. Caspar hauled the grain from the 150-acre field.

Members of Junction City civic clubs volunteered to devote their evenings to the harvest. In one evening, an American Legion crew shocked 50 acres of oats on the E. C. Erickson farm east of Junction City.

# Dykes Pulls His Sox To 2nd Place

Chisox Break Tie with Cleveland and Detroit for Runner-Up Post.

By SID FEDER

Associated Press Sports Writer

Mr. Secretary, isn't it about time we got off that early letter to the round man? It is?

Well, then, let's dash off that little dictation to James Joseph Dykes and his Sox. Why? Well, James Joseph and his White Sox are in second place in the American league this morning, and before he starts getting grand ideas about leading a 34th game as the next miracle, somebody better get him down out of the clouds. So, let's stick a pin in the halloo while it's still within sticking range. Start cooking, Mr. Secretary.

Dear Jimmy: You'll probably get this in Washington with your Sox, unless you've dashed out and are trying to tell that "hot" game in Philly at this writing. Anyway, here's your annual pot on the back. We see by the papers you are doing it with mirrors again. Are those looking glasses making you feel any better about that waistline?

All we wanted to say, Jimmy, was that you're still glad you're around. Not only because you're still trying for that 300 game, but also because if you weren't on tap, the Yanks would get the idea one wanted to be in the American league's first division with them. Right now, it looks like you're going to wind up with your sixth first division White Sox club in the nine years you've been steering the southsiders.

You've been saying all along that Gordon the Schmaltz Maltzberger is a handy guy to have around -- and you proved it last night. He'd won only two games -- and that isn't Schmaltz, is it? -- But last night you asked Gordon the question with the tying run on third and the winning run on second. And Gordon had the answer. He fanned Bob Johnson to give you a 5-4 decision over the Washington Senators.

Going into yesterday, you and the Cleveland Indians and the Detroit Tigers were all tied up in second place. Then the Indians were given the old Yankee treatment in New York and the Tigers were postponed in Boston -- and there you were.

You might feel sorry for the Indians. Lefty Matuszko was handcuffed with a two-hitter and beat them 11-1. Naturally, you have felt the same bruises yourself.

That was the only fun in your league yesterday and last night, since the Tigers and the St. Louis Browns wound up on the short end in a couple of rashes with old man weather in Boston and Philadelphia.

But over in the National league the Phillies' new manager, Pat "Freddie" Flinn, found out the score in a hurry. His Phils chalked up two runs for a 2-1 decision over St. Louis in a playoff of their postponed game continued from June 5. Then the Cardinals got peevish and won 13-5 in yesterday's regularly scheduled shindig.

The only other taffy-pull saw Johnny Vander Meer fan 14 and walk nine to bell-cow the Cincinnati Reds to a 4-3 decision over the Boston Braves.

## Vandy Walks 9, Fans 14, Hits 1 and Beats Boston

By The Associated Press

CINCINNATI, July 30 — It looked like old times out there at the ball park last night, with Johnny Vander Meer walking nine men and hitting a tenth, but striking out 14 to win his game. That was the story of his 1936 season, when he had his two no-hitters.

The Boston Braves were the modern victims and the score was 4 to 3. The game, a play off of Wednesday night's postponed American Red Cross relief game, netted about \$26,000.

It seemed that Vandy got the ball over the plate only by accident, but when he did the Boston batters needed micrometers for bats. Just to add the proper touch, Vandy got all three of the Braves' ninth-inning hopefuls, each going down swinging.

Johnny only had two hurtful innings, the first and the eighth. In the first two walks and a single made a run, and in the eighth Phil Masi, pinch-hitting for Manny Salvo, singled two more in. Two singles and only one walk preceded this.

Red Barrett and Nate Andrews for the Braves and Elmer Riddle and Ray Starr for the Reds are the pitchers for today's doubleheader.

## Patterson "Pretty Sure" of Army-Navy Game

By The Associated Press

WASHINGTON, July 30—Acting Secretary of War Patterson is "pretty sure" the Army-Navy football game will be played this fall.

Asked at a press conference yesterday whether a formal decision had been made on the contest, he replied:

"I am pretty sure it will be played but that is only my personal opinion."

The game has been tentatively scheduled for the Army's home ground at West Point.

ABANDONS FOOTBALL

CINCINNATI, July 30—University of Cincinnati today abandoned intercollegiate football competition for 1943, directors asserting all available athletic facilities and staff would be needed for the training of soldier-students on the campus.

## Snatches of Sports

By HUGH FULLERTON JR.

**NEW YORK, July 30.**—Ned Irish, who has been attending the college athletic directors' meeting in an unofficial capacity, admits that his presence is a tip-off on what to expect in the Garden next basketball season. "There'll be more and better eastern teams," says Ned. "We won't have the far-western visitors next winter but we'll have a lot from the Midwest. With the Navy trainees, a lot of eastern colleges that never were good enough for the Garden will have fine teams."

**Quote, Unquote.**—Manager Jimmy Wilson of the Cubs: "What did Bucky Harris do to deserve that? I thought I was going to be the next manager to go."

**Scrap Collection.**—Before he ran that 4:05.3 mile at Harvard, Gunder Hagg told Carl Hersted, his Concord, Mass., host that he expects to see a four-minute mile in his lifetime, adding: "A four-minute mile is the race I'd really like to run. I'd like to do it in New York." ... Most appropriate name we've seen lately: a favorite South Dakota fishing spot called "Punished Woman's Lane." ... Must have been named by an angler's wife. ... Ed Klemm, who is winning a lot of ball games for Baltimore, was sold by the Indians last winter for \$750. The Orioles now want \$40,000 for him.

**Service Dept.**—Vitus Thomas, Ray Diehl and Roy Smith, apprentice seamen in the Marquette U. navy V-12 unit, formed the crew of the yacht Gloriant which won the Chicago to Mackinac race on Lake Michigan—which seems to take them out of the apprentice class. ... It took two years of baseball at Keeler field, Miss., to produce a no-hit pitching performance. Pvt. Carlis Clumard, who used to play in the North State and Bi-State league, did the trick. ... University of Alabama lists 200 ex-athletes in the armed forces and four missing in action.

**Cleaning the Cuff.**—Thirty citizens of Santa Cruz, Calif., have purchased the Pasadena golf course for use by convalescents at a nearby Naval hospital. ... Cornell's Bob Kane figures that spectator sports should be the last ones for the colleges to abandon—because students and frames can get plenty of exercise in intramural sports but only football, baseball, etc., can provide entertainment for outsiders.

## CONSTANTINO WON'T FIGHT

By The Associated Press

CLEVELAND, July 30—Promoter Bob Brickman said today Lightweight Lulu Constantino had withdrawn from a bout with Beau Jack here next month. He said Constantino would be unable to fight until September because of an ear operation necessitated by injuries suffered in a fight here last month with Chalky Wright.

## 60 Golfers in Sunday Play

Some 60 Marion golfers are expected to tee off at 1 p. m. Sunday at the Mar-O-Del public course in a return inter-club match between Country club and Mar-O-Del and at the same time, in a blind bogey tournament for the benefit of the American Red Cross. Local sponsors of the charity event hope that a great deal more than the \$57 collected at the first benefit match will be poured into the Red Cross kitty Sunday.

Two weeks ago at the picturesque Country club layout, the home team trimmed the Mar-O-Del linkers 37 to 32. However, even greatly handicapped by the absence of John Rife, the publiclinksman vow to balance the score sheet Sunday.

As in the last match a blind bogey tourney will be incorporated. The same golfers who compete in the match will vie for Red Cross certificates in the bogey. A \$1 entry fee will cover play for both events. All proceeds from the entry charges will be donated to the Red Cross.

Five certificates upon which the signatures of National Red Cross officials and leading United States Golfing Association men were affixed, were awarded to:

## Yankees Tarnish Bright Record with 11-1 Victory

By The Associated Press

NEW YORK, July 30.—The Yankees' record of 100 consecutive victories in nine games—was tarnished today as the Tribe reeled back into fourth place, victims of an old-fashioned New York Yankee outburst.

Held to two hits by Marcus Russo, the Indians were overwhelmed 11 to 1 as the McCarty-men lashed out 14 safe blows including homers by Charley Keller, Joe Gordon and Bud Metheny.

The victory was sweet revenge for Russo, victim of a 12-run inning and a 12 to 0 defeat in Cleveland July 2.

Yankee Kennedy started on the mound for the Indians and was charged with the defeat. He was relieved in the third by Chubby Dean, who gave up four hits in one and a third innings. Pete Center came to pitch in the fifth.

The only Tribal accomplishment was the infield's 100th double play of the season to lead the league in that department.

Jim Bagby seeks his 11th win in today's series winup against Ernie Bonham.

## RED BIRDS SLIP INTO SECOND PLACE

While Milwaukee and Indianapolis have been arguing about the American Association leadership, Columbus has slipped into second place by winning 18 of its last 26 games.

The Red Birds beat St. Paul 9 to 1 last night to sweep a four-game series. They shelved veteran Art Herring for 12 hits.

The Red Birds flew into second place ahead of Indianapolis when Milwaukee tripped the Tribe in a morning contest, 7-1.

Minneapolis gained the first division with a four-run outburst in the ninth inning against Toledo and a 5-4 decision in 11 frames.

Kansas City became mired deeper in the cellar as Louisville blasted 14 hits off Jack Fallon for a 9-2 win.

## Colleges Want Army Players

By The Associated Press

NEW YORK, July 30.—College athletic directors, especially those at "Army" colleges, generally agree it would be a fine thing to have army specialized training program trainees on their athletic teams. How it could be arranged, even if permission were granted, is another difficult problem.

After hearing Rep. Samuel A. Weiss of Pennsylvania outline his efforts to obtain approval of intercollegiate competition for the campus soldiers and describe the picture as "gloomy but not hopeless," the college leaders gathered at yesterday's central office for Eastern intercollegiate athletics convention, delved into the question of time.

Army A-12 students are required to take six hours of physical training weekly. In addition to 24 hours of classes, 24 hours of supervised study and six hours of military drill.

Commanding officers at five colleges, Weiss said, have told him they easily could revise scholastic programs so that the six hours could be devoted to practice in football or other games. On the other hand, Dr. John Harmon of Boston university re-raised an Army directive had instructed that physical education
